

Webinar with Iowa Medicaid: Continuous Coverage Requirement Ends on April 1

Iowa's continuous coverage requirement for Medicaid members will end on April 1, 2023. At this webinar, Medicaid team members will share details about the state's plan and what members can expect in the coming weeks and months. Medicaid stakeholders, providers and other partners are encouraged to attend.

Due to technical error, our meeting on January 25 capped at 350 slots. We have resolved the issue. If you attended the first session on Wednesday, January 25, please do not attend this session as it is the same information.

We expect to be at full capacity once again and need as many open slots as possible for those who did not get the chance to attend at the previous meeting. We highly recommend that that your group condenses into one Zoom slot to keep as many slots open as possible.

The meeting will take place on January 27, 10 a.m. – 11 a.m.

If you are receiving this email, you do not need to register again. This meeting will be recorded and posted on our Unwind webpage on the HHS website.

Learn more about the Continuous Coverage Unwind Plan, find unwind resources and sign up for notifications [here](#).
